NORTH AMERICAN FIBER BROADBAND 2019 REPORT FTTH & 5G REVIEW AND FORECAST TO 2023

TABLE OF CONTENTS

I.	INTRODUCTION	
	A. <i>History's Greatest Connective Infrastructure Build Is Accelerating!</i>	7
II.	METHODOLOGY AND BACKGROUND	
	A. <i>Deployment Forecast Background And Accuracy</i>	9
	B. <i>Forecast Methodology</i>	9
III.	CURRENT NORTH AMERICAN FTTH DEPLOYMENT STATUS	
	A. <i>Overview Of North American FTTH Growth</i>	10
	Homes-Marketed vs. Homes-Passed vs. Homes-Connected	
	Non-Redundant Homes-marketed	
	Fiber Share Of Market	
	Annual Homes Marketed	
	Homes-connected	
	U.S. To Total North American	
	FTTH Penetration Of Total Households	
	B. <i>North American Gigabit Internet Impact And Progress</i>	13
	History Of Gigabit	
	Use Of Gigabit Today	
	C. <i>FTTH Progress Versus Previous Wireline Builds</i>	15
	D. <i>Increasing Importance Of Small Players In U.S. FTTH Builds</i>	15
	E. <i>Deployment History And Five-Year Forecast of the Largest U.S. FTTH Providers</i>	16
	AT&T Fiber History and Plans	
	Altice Communications Fiber History and Plans	
	Bell Canada Fibre History and Plans	
	Verizon Fios History and Plans	
	Frontier Fios History and Plans	
	CenturyLink Fiber Internet History and Plans	
	Google Fiber History and Plans	
	Cincinnati Bell Fioptics History and Plans	
	Consolidated Communications FTTH History and Plans	
IV.	CHARACTERISTICS OF FIBER INTERNET	
	A. <i>Fiber – Fastest (both bandwidth and latency), Symmetrical, and Most Reliable</i>	23
	B. <i>Will Another Technology Supersede Fiber?</i>	24
	C. <i>Synergy Of Fiber With Wireless Broadband, Intelligent Transportation, And The Internet Of Things</i>	25

V.	CHARACTERISTICS OF FTTH NORTH AMERICAN FTTH SYSTEMS	
	<i>A. Deployment By Living Density Geo Segment</i>	26
	<i>B. Deployment By Provider Type</i>	27
	<i>C. Underground Versus Aerial Installation</i>	27
	<i>D. Services Offered And Taken Via Fiber</i>	28
	<i>E. Methods Of Connecting Within Homes</i>	29
	<i>F. Methods Of Streaming Video Within Homes</i>	30
VI.	DRIVERS OF FTTH DEPLOYMENT	
	<i>A. Background Need</i>	31
	<i>B. Competition</i>	31
	<i>C. Interest in Community Advancement and Economic Development</i>	32
	<i>D. Copper Migration</i>	33
	<i>E. Government Incentives And Grants</i>	33
	<i>F. New Housing</i>	33
	<i>G. Lower Costs</i>	34
VII.	CURRENT POSSIBLE NORTH AMERICAN FTTH INHIBITORS	
	<i>A. Gigabit Offerings From Cable Providers</i>	36
	<i>B. "5G" Millimeter Wave Wireless For the Final Drop</i>	36
	<i>C. DSL Acceleration Strategies</i>	38
	Vectoring	
	Channel Bonding	
	G.Fast	
VIII.	IMPORTANCE OF FIBER TO THE BUSINESS	
	<i>A. Overview</i>	41
	<i>B. Growth of Fiber Connections – Tier-1 and Tier-2 Providers: Fiber Fed Buildings</i>	41
	<i>C. Share Of Revenue</i>	41
	<i>D. Percentage of Businesses-Marketed</i>	42
	<i>E. Tier-2 and Tier-3 Take-Rates Among Businesses-Marketed</i>	43
IX.	FTTH CONSUMER IMPORTANCE AND IMPACT	44
X.	ESTIMATING LOCAL FIBER PROJECT FEASIBILITY ..ADOPTION, MARKET SHARE, AND TAKE-RATES	
	<i>A. Understanding the Measurement Concepts For a Fiber Project</i>	59
	Overview	
	Broadband or Internet Adoption	
	Individual Wireline Provider Market Share and Take-Rates	
	<i>B. Estimating Individual Take-Rates</i>	61
	Primary Determinates of Take-Rates	
	Simple Model To Roughly Estimate Take-Rates	
	Actual Take-Rate Histories For Comparison	
	The Place Of Local Market Survey Studies	
	Mitigating Deployment Risks And Beating Take-Rate Projections	

XI.	5G/ WIRELESS SMALL CELL AND FIBER SUPPORT NEEDS	
	<i>A. Overview of Next Generation Wireless/ 5G</i>	68
	<i>B. IMPORTANCE OF DENSIFICATION/ "SMALL CELLS"</i>	68
	<i>C. Expected Distance Between Small Cells</i>	68
	<i>D. Forecast For Small Cells (from other sources)</i>	69
	<i>E. Forecast For Fiber Miles To Support Small Cells</i>	69
XII.	OVERALL ESTIMATE OF FIBER ROUTE MILES IN THE U.S.	
	<i>A. Route Miles By Segment</i>	70
	<i>B. Route Miles Compared To Conduit Data</i>	70
XIII.	REVIEW OF 2019-2023 FTTH FORECAST	
	<i>A. Review Of U.S. Forecast</i>	71
	<i>B. Review Of Canadian Forecast</i>	73
	<i>C. Review Of Mexican Forecast</i>	74
	<i>D. Review Of Caribbean Forecast</i>	75
	<i>E. U.S. Capex Investment Forecast</i>	76
	<i>F. Forecast And Addressable Market By Market Segments</i>	76
	<i>G. FTTH Architecture Forecast</i>	78
	<i>H. Overall Recap of Total North American Forecasts</i>	78
	<i>I. Total Fiber Route Miles From Forecast</i>	79
XIV.	DETAILED HISTORY AND FORECAST BY SEGMENTS STATUS	
	<i>A. Homes-Marketed Cumulative Forecast</i>	80
	<i>B. Homes-Marketed Annual Forecast</i>	81
	<i>C. Homes-Connected Cumulative Forecast</i>	82
	<i>D. Homes-Connected Annual Forecast</i>	83
	<i>E. U.S. FTTH Investment Forecast</i>	84
XV.	APPENDIX	
	<i>A. Index of Graphs</i>	85

XVI. APPENDIX

A. INDEX OF GRAPHS

I. Introduction

I.A.Fig.1 - Annual U.S. Fiber Route Miles Installed

III. Current North American FTTH Deployment Status

III.A.Fig.1 - North American FTTH Deployment

III.A.Fig.2 - U.S. FTTH Deployment

III.A.Fig.3 - U.S. Unique FTTH Deployment

III.A.Fig.4 - U.S. Broadband Market Share

III.A.Fig.5 - Annual Change In U.S. FTTH Homes-Marketed

III.A.Fig.6 - North American FTTH Activity By Country

III.A.Fig.7 - Percent Off Homes-Marketed With Fiber Broadband

III.B.Fig.1 - U.S. Symmetrical Gigabit Subscribers

III.B.Fig.2 - Gig Subscribership Price Elasticity

III.C.Fig.1 - U.S. Homes Passed Versus Households

III.D.Fig.1 - Annual Homes-Marketed By Size of Provider

III.D.Fig.2 - Annual Deployment Capex By Size of Provider

III.E.Fig.1 - Estimated Cumulative Homes-Marketed By Year

IV. Characteristics of Fiber Internet

IV.C.Fig.1 - Synergy of Home/ Mobile Broadband

IV.C.Fig.2 - The Smart Path To Smart Cities: Bottom Up

V. Characteristics of North American FTTH Systems

V.A.Fig.1 - Availability And Take-Rate By Density

V.A.Fig.2 - Total U.S. Households By Geo Segment

V.B.Fig.1 - U.S. Cumulative Homes-Marketed By Provider Type

V.C.Fig.1 - Percent Of Infrastructure Underground

V.D.Fig.1 - Services Offered Via FTTH or Bundled With FTTH

V.D.Fig.2 - Services Taken With FTTH By Consumers

V.E.Fig.1 - Ways Internet Is Connected In Home

V.F.Fig.1 - Devices Used To Stream Video Content

VI. Drivers Of FTTH Deployment

VI.A.Fig.1 - Online Activity Is Now Foundational To Living Spaces

VI.C.Fig.1 - FTTH Is Important To Living In A Community

VI.C.Fig.2 - FTTH Adds To Community Prosperity

VI.F.Fig.1 - U.S. Housing Starts

VI.G.Fig.1 - Transport Costs Per Mbps

VII. Current Possible North American FTTH Inhibitors

VII.A.Fig.1 - The Superiority of Fiber Gigabit Versus Cable Gigabit

VII.B.Fig.1 - Millimeter Wave Beam Technology

VIII. Importance Of Fiber To The Business

- VIII.B.Fig.1 - Fiber To Medium And Large Commercial Buildings
- VIII.C.Fig.1 - Percent Business Revenue From Total Wireline Revenue- Tier-1
- VIII.C.Fig.2 - Percent Business Revenue From Total Wireline Revenue- Tier-2/3
- VIII.D.Fig.1 - Percent Passings That Are Business- Tier-2/3
- VIII.E.Fig.1 - Business Fiber Take-Rates- Tier-2/3

IX. FTTH Consumer Importance & Impact (Slide Deck/ 57 Charts)

X. Estimating Local Fiber Project Feasibility..Adoption, Market Share, and Take-Rates

- X.A.Fig.1 - Internet Adoption By Demographic Characteristics
- X.A.Fig.2 - Fiber Broadband Take-Rates By Demographic Characteristics
- X.B.Fig.1 - Fiber Take-Rate Rough Estimation Model
- X.B.Fig.2 - Verizon Take-Rates
- X.B.Fig.3 - Surewest Take-Rates
- X.B.Fig.4 - Third Provider: 50-200K Population
- X.B.Fig.5 - Third Provider: 20-49K Population
- X.B.Fig.6 - Third Provider: 10-19K Population
- X.B.Fig.7 - Average Internet Expenditures By Income

XI. 5G/ Wireless Small Cell And Fiber Support Needs

- XI.E.Fig.1 - Annual Fiber miles Needed To Support Small Cells

XII. Overall Forecast For Fiber Route Miles In the U.S.

- XII.A.Fig.1 - Route Miles For Fiber Segments
- XII.B.Fig.1 - RVA Forecast Versus Conduit Data

XIII. Review of 2019-2023 FTTH Forecast

- XIII.A.Fig.1 - U.S. Annual Change Homes-Marketed
- XIII.A.Fig.2 - U. S. Annual Change Homes-Connected
- XIII.A.Fig.3 - U.S. Cumulative Homes-Marketed
- XIII.A.Fig.4 - U.S. Cumulative Homes-Connected
- XIII.B.Fig.1 - Canadian Annual Change Homes-Marketed/ Connected
- XIII.B.Fig.2 - Canadian Cumulative Homes-Marketed/ Connected
- XIII.C.Fig.1 - Mexican Cumulative Homes-Marketed/ Connected
- XIII.D.Fig.1 - Caribbean Cumulative Homes-Marketed/ Connected
- XIII.D.Fig.2 - Caribbean Landlines By Caribbean Country
- XIII.E.Fig.1 - Annual Change U.S. FTTH Investment
- XIII.E.Fig.2 - Cumulative Change U.S. FTTH Investment
- XIII.G.Fig.1 - Annual Architecture Forecast (Connections)
- XIII.H.Fig.1 - North American Annual Change
- XIII.H.Fig.2 - North American Cumulative Homes-Marketed/ Connected
- XIII.I.Fig.1 - Route Miles For Fiber Segment Forecasts

XIV. Detailed History And Forecast By Segments Status

- XIV.A.Fig.1 - Homes-Marketed Cumulative Forecast
- XIV.B.Fig.1 - Homes-Marketed Annual Forecast
- XIV.C.Fig.1 - Homes-Connected Cumulative Forecast
- XIV.D.Fig.1 - Homes-Connected Annual Forecast
- XIV.E.Fig.1 - U.S. FTTH Investment Forecast
